Collected Knowledge & Wisdom on

# Sheets API

---

## Provides:

Manipulate data with functions available in Google Sheets, including reading and writing data, formatting text and numbers, etc.

## Key Provisioning:                                    **Pain factor** (*0=ezpz...5=nightmare*): **2**

- Need to install the google client library
- Very easy to get API key, just go to URL linked below and click "Create API Key"
- Also need a client ID and client Secret on the on site

## Quotas:

- None

---

## The Good:

- Can export and import data to or from google sheets

## The Bad:

- Need to install and get lots of files and keys

## The Ugly:

- ...
